INTRODUCTORY

In collecting the data for this 1906-7 edition of our Newspaper and Magazine Directory every effort has been made to see that it is reliable. In this we have been as successful as conditions peculiar to the publishing business permit. Manifestly it would be an utter impossibility to keep out a few minor inaccuracies, taking into consideration the vast number of publications and in some instances the hardship to get at actual facts so far as circulation is concerned. In the main, however, the circulation quotations of the various publications listed are accurate and dependable, and will be a trustworthy guide to any advertiser.

In giving the population of the various cities and towns listed, we have made a special effort to bring this edition of our Directory up to date. Where formerly we quoted from the last government census, this year we have, in the case of cities of over 10,000, given the population according to the more recent city directories, school or police census.

However, accurate as the information herein contained is, and invaluable as it will prove itself to any advertiser in planning his campaign and selecting paying media, this Directory will fail of its greatest possibilities without the supplementary aid of our perfect organization. For it would be impractical to set forth in a Directory the many things an advertiser should know regarding the publications in which his advertising appears—the general character of each publication's circulation, its probable pulling power for any specific proposition, etc. Such detailed information can only be gained by actual experience, and it is in the supplying of such information that our perfectly equipped agency can be of the greatest service to the advertiser. In this, as in all matters pertaining to promoting and successfully advertising any business, we wish you to feel at perfect liberty in consulting us. Our suggestions and advice are yours for the asking.

We earnestly trust that this 1906-7 edition of our Directory will be of material help to many advertisers and that we may be given the opportunity of demonstrating that our services will be a source of profit to you in conducting any advertising campaign.

Commendatory

THE success of an advertising agency is in a large measure reflected in the esteem in which it is held by the publishers with whom it has constant business connections. Therefore, it is with a certain justifiable pride that we print on the margins of the pages throughout this Directory the opinions of many of the best known publishers of the country.

These testimonials of our ability, integrity and commercial standing should have considerable weight in emphasizing the important fact that an agency which stands well with and has the confidence of the newspaper and magazine fraternity is in position to request many favors for its clients which the publishers readily grant.

For these kindly expressions of regard we here wish to cordially thank these publishers and to assure them of our earnest desire to continue indefinitely such pleasant business relations.

Our thanks are also due these and the other publishers who furnished us with the reliable data for the compilation of this edition of our Directory.

The Most for the Money

The farmer is a stickler for getting the most for his money. So he is not slow to grasp the fact that for 20 cents a year he gets, in the

METROPOLITAN AND RURAL HOME

"The National Agricultural Monthly"

more than he has ever had in quantity of matter, and in quality the best that the best authorities in agricultural matters can give him. That is why we are getting hundreds of five-year subscriptions a day from sample copies alone, besides 1,500 to 2,000 annual subscriptions daily, and why there are now

500,000 Farmers

on our list. Every issue is a special number of special interest. Each of them the best, we believe, ever published by a strictly agricultural paper.

THE RURAL HOME is the farmer's best instrument and it is also for the advertiser who wants to reach the intelligent farmers of America. Send for sample copy and further information to

*One Million and a Quarter Copies
of every issue of COMFORT
go out wrapped
like this.*

To put out a Million and a Quarter copies of a magazine even in bundles of dozens, fifties and hundreds would be quite a task. But few people realize the immense amount of detail work entailed in mailing a Million and a Quarter copies of a magazine, each copy in a separate wrapper to just that number of individuals. Yet this is done by COMFORT every month, year in and year out. Further, the copies are routed according to Post-offices and States, and are sorted and sacked in such a way that they go direct to their destination practically without handling by the Post-office, other than to transport and deliver. COMFORT employees do a large portion of the work which would otherwise be done by the Post-office. This is done to expedite the transmission and delivery of copies of COMFORT and insure the advertiser getting quick returns. It's "the every copy in a separate wrapper" feature of COMFORT'S circulation which largely explains the splendid results which advertisers get who use its columns. Ask any advertising agent about COMFORT, or write to

“Our business relations with your agency have ever been of a pleasant and agreeable nature. There has been nothing in the way of misunderstanding or anything to cause unpleasantness. Another matter that is worthy of mention is the fact that you are always so very prompt in making remittance for bills rendered. No agency in the entire country is more ready to meet its obligations.”

NEWSPAPERS OF KNOWN CIRCULATION

Tribune Bldg., Chicago Potter Bldg., New York

BUFFALO NEWS Guaranteed circulation over 95,000 copies daily. Every prominent local and foreign advertiser uses the News—many exclusively. Stands supreme and unapproached in its field. Ask anybody in Buffalo—the best test.

MEMPHIS COMMERCIAL APPEAL Guaranteed circulation over 40,000 copies daily and 60,000 copies Sunday. Guarantees double paid circulation of any other Memphis newspaper. 90 per cent of the literate population in Memphis and Memphis territory read the Commercial Appeal.

ST. JOSEPH NEWS - PRESS Guaranteed circulation over 35,000 copies daily. The best proposition by long odds not only of St. Joseph, but of the Middle West. Flat rate makes it a splendid "try out" proposition. Only evening newspaper in city of over 100,000 population.

PITTSBURG SUN Guaranteed circulation over 60,000 daily. The success of the Sun in Pittsburg is marvelous, and being the only Democratic evening paper in Pittsburg, has a clientele unduplicated and distinctly its own. Ask the Pittsburg merchants.

PITTSBURG POST Guaranteed circulation 62,000 daily—70,000 Sunday. Pittsburg's great Democratic morning daily. Has prestige, circulation and the confidence of the people. An absolute necessity in any Pittsburg campaign.

BOSTON TRAVELER Guaranteed circulation over 80,000 copies daily. A clean, one cent, home-reading newspaper, with a clientele distinctly its own. Second cheapest per line per thousand in Boston. Always makes good.

BINGHAMTON PRESS AND LEADER Guaranteed circulation over 22,000 copies daily. Over double the circulation of its nearest competitor (guaranteed), and is supreme in its field as a result producing proposition. One of the century's most notable newspaper successes.

TRENTON TIMES Guaranteed circulation over 18,000 daily, 12,000 more than even claimed by any other Trenton Newspaper. Only evening paper covering its field exclusively. Trenton can only be reached by using the Times. One of the best.

Regardless of what other newspapers may conclude is business judgment, the known circulation list represents newspapers that have no dark press rooms, no closed books, no evasive circulation statements. In making up your list for advertising, use these papers where there are no padlocked pressrooms to keep you from the truth.

(See Next Page)

The "Known Circulation" seal is a mark of fixed purpose—to show the advertiser what circulation he is buying—to prove value—to be honest and square—to offer space as space should be bought, as a fixed definite business proposition.

NEW ORLEANS ITEM Guaranteed circulation over 25,000 copies daily and Sunday. Only New Orleans newspaper permitting examination of its circulation. Best proposition in New Orleans, and no complete success there without using it. Largest circulation, fairest rate, makes the Item pay.

ATLANTA GEORGIAN Guaranteed circulation 22,000 copies and growing every week. A newspaper born of age. Edited by John Temple Graves. The Georgian instantly took a place in the front rank of the newspapers of the South and is popular with all classes. Already carries a great volume of local advertising.

COLUMBIA STATE Guaranteed circulation over 10,000 daily, 11,000 Sunday. Ranks with the leading newspapers of the country in return-producing value. No advertising campaign successful and no Southern list complete without it.

CHATTANOOGA NEWS Guaranteed circulation over 14,000 copies daily. You will find almost every foreign proposition using The News. Strongly endorsed by local merchants and druggists. Write your Chattanooga customers about it. Weekly edition, over 60,000 circulation.

DULUTH NEWS TRIBUNE Guaranteed circulation over 17,500 copies daily and 18,000 Sunday. The great daily of Northern Minnesota and Wisconsin. Greater circulation than any other Duluth paper. Only medium to reach the immense territory lying in the Duluth district.

LITTLE ROCK GAZETTE Guaranteed circulation over 11,000 daily, 12,000 Sunday. Only morning newspaper in the capitol of the state, and Arkansas can be covered exclusively by the Gazette. Only Little Rock newspaper proving its circulation. 75 per cent more circulation guaranteed.

NORFOLK LEDGER-DISPATCH Guaranteed circulation over 18,000 daily. The consolidation of The Ledger and The Dispatch gives Norfolk only one afternoon paper and one that dominates its field. Larger circulation by 25 per cent than all other Norfolk papers combined.

NEWPORT NEWS TIMES-HERALD Guaranteed circulation over 5,000 daily. Best medium in Newport News. Only evening paper in its city and with Norfolk Ledger-Dispatch (combined rates) thoroughly covers all Tidewater, Va.

PUEBLO STAR-JOURNAL Guaranteed circulation over 13,000 daily. Only evening paper with largest local circulation, in a manufacturing community of essentially afternoon paper readers. Best value in Pueblo.

There is no reason why Advertising Space in daily Newspapers should not be bought with the same certainty as any other thing, and that's exactly what "Known Circulation assures.

See Preceding and Following Pages

SAVANNAH PRESS Guaranteed circulation over 8,000 copies daily. To thoroughly cover Savannah The Press must be used and with a reasonable rate card is not only the cheapest, but the best. Ask anybody in Savannah.

RICHMOND EVENING JOURNAL Guaranteed circulation over 14,500 copies daily. Only Richmond newspaper not in the advertising rate combination. Gives splendid results at a fair rate.

The "Big Six" Weeklies

Not one of these papers wants a penny of an advertiser's money for which they cannot give good value. Let's talk it over. If we think your plan or your copy incompatible with the nature of their circulation, we'll speak out quickly.

PENNSYLVANIA GRIT Guaranteed circulation over 230,000 copies weekly. Goes into more than 10,000 of the smaller cities, towns and villages of the country. Read by prosperous people, wage earners, trades people. Ask anybody about "Grit"—America's greatest weekly.

UTICA SATURDAY GLOBE Guaranteed circulation over 118,000 copies weekly. Beautifully printed and carefully edited to the likes of a purchasing clientele throughout New York, Pennsylvania and New England. To reach the right sort don't omit The Globe.

NATIONAL TRIBUNE Guaranteed circulation over 100,000 copies weekly. Published at Washington and a publication of absorbing interest to all Civil, Spanish and Philippine War Veterans. One of the best known "pullers" on keyed advertisements.

WEEKLY COMMERCIAL APPEAL Guaranteed circulation over 80,000 copies weekly. Thoroughly covers the most prosperous section of the rich South and Southwest. One of the best known leaders on members of "keyed" propositions. Try out the Commercial Appeal's rich territory.

ELMIRA TELEGRAM Guaranteed circulation over 60,000 copies weekly. Unapproached in a rich field as a medium to cover majority of territory of Southern New York and Northern and Northeastern Pennsylvania. At the rate a sure result producer.

CHATTANOOGA WEEKLY NEWS Guaranteed circulation over 60,000 copies weekly. The Weekly News is paying on "keyed" advertisements alone at the top with the best mail order mediums in the country. Reaches an exclusive section of the prosperous South.

SOME REASONS WHY

THE SELAH-PATTERSON CO.'S

Pictorial Color and Comic Magazine Supplements

ARE GIVING THE BEST RESULTS TO ADVERTISERS

The farmer is paying his helpers \$3.00 a day and board. That signifies large crops, money and a contented well-being in the farming section which should be a source of great satisfaction to manufacturers generally, for at no time are sales so good as when the farmer reaps and sells well.

Now, right here are some facts worth the attention of manufacturers who appreciate the value of the farmer's trade. Once please him with your goods and he's yours just as long as you continue to please him. Once convince and he'll stay with you as long as you want him, but he'll pass you up the minute he thinks you are not giving him value received — and try your competitor.

Records show that four-fifths of the farmers do not take the daily papers or magazines, and yet the farmer buys 50% of all the goods manufactured in this country. How he does this without the accessibility of department stores would make you think a minute. Salesmen couldn't sell that much — they couldn't get to him.

Twenty per cent of his purchases are made at the town stores, but 80% are made by mail. Eighty per cent of over half of the manufactured product of the United States bought by the farmer through the mails — think of that! He buys those things of course **DIRECT FROM ADVERTISING**.

Now, four-fifths of the farmers do not take daily papers or magazines because they do not appeal to them and do not awaken heart interest. Some of the big monthly magazines are now spending much money to get into the farmer's home, which proves that they see his value, but the papers that are there in his home, have been for many years and always will be, are the local weekly papers of the United States. They cover the ground thoroughly, and the largest general advertisers of today use this helpful means of securing this important business. The weekly press write of all the important doings in their respective sections and the news is eagerly read by every subscriber. The farmer reads the paper because it has in it all the doings of his friends and neighbors, besides timely articles on the care of crops and stock. He has more confidence in it than he has in the daily papers, the farm papers or the magazines. It is a utensil for use and is used by every member of the family. This is the one paper bought and read by four-fifths of all the farmers of the United States. The farmer buys over half of the entire output of American factories, and 80% of these enormous sales are made through the country papers.

¶ The Selah-Patterson enterprise enables the Country Weeklies for the first time to issue a Color Supplement with high-class features and comics as a part of its regular edition. This is proving immensely popular throughout the rural districts and is giving the best returns of any advertising medium.

Gentlemen:—In reply to your recent inquiry as to the results we are getting from our advertising in the Farmers Voice, we are pleased to inform you that the inquiries received up to date, show Farmer's Voice to stand absolutely at the head of the list of Farm Papers we are using, and third of the entire list of publications we are using. We like the attractive way in which Farmers Voice is gotten out, and think perhaps, the attractiveness of your paper, and the good paper on which it is printed, has a good deal to do with its value as an advertising medium. Very truly yours,

THERE IS A LOGICAL REASON WHY

You should divide your appropriation and spend part of it in the South this year.

In the first place, the Southern states have shown a greater percentage of increase in population, wealth and industrial progress than any section of the United States during the past year. The influx of homeseekers, the increased output of manufactured products and the investment of millions of dollars in southern enterprises is without a parallel in the history of our country.

If these conditions do not make the South a particularly inviting and profitable field for you — what does?

The South needs your goods and wants them, but her people will never know what you have to sell if you do not advertise the fact in publications that are read in Southern homes.

For the surest way to reach the purses of Southern buyers, see page opposite.

YOU CAN COVER THE SOLID SOUTH

From Maryland to Texas at a single "clip" and appeal to the heads of more than **300,000** intelligent and prosperous white families (1,500,000 readers) by using the Religious Press Syndicate Publications—the strongest pulling combination of religious weeklies ever controlled by a single advertising management.

Ninety-eight per cent of the circulation is mailed direct to home addresses under single wrappers.

Eighty-three per cent of the circulation is distributed in the rural districts and in towns of less than 5,000 population.

Each publication occupies a distinct field so that duplication in circulation is absolutely impossible.

Circulation is guaranteed; sworn statements to this effect furnished for the asking.

Keyed advertisements have demonstrated beyond the shadow of a doubt that this list is the strongest pulling mail order, agricultural and general publicity medium in the entire Southern states.

You are not advertising in the fastest growing and most prosperous section in America if you are not in the South; you are not in the best media to reach the South if you are not in the Religious Press Syndicate List.

Write today for advertising rates and facts about the South that every advertiser ought to know.

A manufacturer can talk each month to the most prosperous homes in the great prosperous middle west.

THE READER has but one quality of circulation. Every copy goes to a subscriber who pays 25c for it. Such people, who know what they want and can afford to pay for it, are customers who will buy any article of merit that is advertised in THE READER.

THE READER is its own best representative. Its popular fiction, its timely and important articles, its remarkably beautiful illustrations make it a magazine that is read and remembered with pleasure. It is neither trivial nor tedious, but is a magazine of today read by people of today.

In 1906 there was a gain of 70 per cent in advertising over the same issues of 1905, a conclusive proof of the value of this advertising to practical national advertisers.

It's the Advertiser's Word That Counts

The only opinion that's worth anything about a publication is that of the advertiser who has spent his money in it to find out.

Here's what a few advertisers say about SPARE MOMENTS:

"Out of twelve leading publications which we used for LYVOLA Ripe Olives, SPARE MOMENTS is the only publication that has brought enough orders to more than pay for the insertion. Some of the other publications used were, Good Housekeeping, Munsey's, Ladié's World, Woman's Home Companion, and the Housekeeper." — Lyvola Olive Company.

"Last September we used about twenty publications in all, and in number of orders SPARE MOMENTS is well among the leaders, as it is also in average cost of order." — Sherman & Co., Inc.

"The replies from SPARE MOMENTS have cost us less than any other publication we are advertising in, with one or two exceptions. We have received in cash so far, more than three times the cost of advertising." — New York and London Electric Association.

"Of all the mediums we have ever used there is only one that can in any way compare with SPARE MOMENTS. It is certainly a 'puller'." — Brooks Rupture Appliance Co.

"We will give any copy we have to any publication that will guarantee as good results as SPARE MOMENTS." — Commercial Correspondence Schools.

"SPARE MOMENTS has brought replies cheaper than any other publication." — C. K. Grouse & Co.

A MAGAZINE that is built every month with the Idea of New York back of it comes pretty nearly being America in a nutshell. It interests New Yorkers intensely—and grips no less strongly the hundreds of thousands of people all over the country who want to "belong" to the metropolitan crowd. The only magazine that description fits is the

BROADWAY MAGAZINE

The Broadway finds its way to live, wide-awake men and women every month, because it does nothing less than serve up, with snap and human interest the vital happenings—in fact, fiction and picture—that are making history in the Greatest City on Earth.

There's a clientele whose tremendous buying power MUST be reckoned with. And at the present low rates there really isn't a medium anywhere that offers such a profitable investment. Investigate it.

FARM LIFE

The Biggest Illustrated Semi-Monthly Magazine for Farm Folks in the Middle West

Q Is essentially in a class by itself, printed and published in magazine style.

Is a good mail order paper, as it has interesting departments and entertaining fiction for every member of the family.

Is a good medium for general publicity, as every copy goes into some substantial country home where there is a demand for nine-tenths of the household articles advertised in a high-grade magazine.

PARK'S FLORAL MAGAZINE

THE OLDEST AND MOST POPULAR MONTHLY
OF ITS CLASS IN THE WORLD

Circulation Over 450,000 Copies

Advertising Rate, \$1.50 Per Agate Line

For thirty-five years PARK'S FLORAL MAGAZINE has been continuously edited and published by the present proprietor. During that time dozens of floral publications have been started. Most of these died a natural death; some were changed into household journals; and some were merged and their identity lost. Today there are only two or three left, and these are of comparatively recent origin. PARK'S, however, has never been suspended, changed nor merged. Every month for thirty-five years it has greeted its friends with practical floral information, answered their queries, and helped them over their floral difficulties.

Some of the original 200 subscribers are still renewing their subscriptions and reading the Magazine. Thousands have been reading it regularly for a score of years, and hundreds of thousands for a decade. The subscription list has been doubled many times by the sons and daughters leaving the home nest to establish homes of their own, then subscribing for the Magazine, which was prized for years at the old home. Tens of thousands of names were added also by a liberal system of annual newspaper advertising, so that today PARK'S has a guaranteed circulation of more than **450,000 Copies Monthly** not promiscuous, sample-copy circulation, but circulation resulting from real merit or intrinsic value. Only people of means and refinement take an interest in adorning their homes with flowers, and only such are readers of PARK'S FLORAL MAGAZINE.

A paper is valuable as an advertising medium in proportion as it is valued by its subscribers. For this reason PARK'S ranks among the best of advertising mediums. The advertising rate is but \$1.50 per agate line for 450,000 circulation, or one-third of a cent a line per thousand—a very low rate for first-class circulation. A keyed trial will convince you of its merits, and secure for PARK'S your continued advertising patronage.

*The Only Single Medium Which Reaches
All Parts of the Progressive South*

BOB TAYLOR'S MAGAZINE is the leading Southern monthly periodical and the most valuable advertising medium for those who wish to reach Southern people, Southern homes and Southern institutions. You should advertise in

Bob Taylor's Magazine

Because it stands alone as the only high grade illustrated monthly magazine in the South.

Because its circulation is large, its rate small.

Because it *thoroughly* covers the South.

Because its circulation is absolutely and entirely a paid circulation, obtained on its merits and the popularity of its editor-in-chief and not bought by premiums.

Because the South is prosperous.

Because, lastly, it brings gratifying results to advertisers at slight cost.

Consider these facts and send for a copy of the magazine and rate card

For fully three-fourths of the year the farmer is one of the busiest men in the world. He has little time to devote to reading, even though it might be ever so beneficial to his interests to do so. He may take time to read one paper, but he will not read half a dozen. It is to meet this condition that the FARM PRESS is issued.

It is now a great National Monthly which gives a review of all the best things in the entire Agricultural Press boiled down to accommodate the busy man. It gives the meat of an entire column in a few lines. It is as

TO purchase advertising space correctly and to be able to select such mediums as will bring the best results takes years of study; therefore, in this age of specialists, advertising has been made a specialty. The ever-widening field of knowledge demands a division of labor. The business man who intends to make the entire country the field for the article which he has to sell cannot embrace in his commercial knowledge the knowledge of advertising, for advertising is not a side issue, is not a branch, but a science, an art, a profession in itself.

WE ARE SPECIALISTS IN THIS PARTICULAR LINE

We give our entire time to this study. The benefits of our long experience are used entirely for our clients' interests. We solicit consultation as to the best plans and preliminaries for promoting any business. A letter, telephone message or personal call will receive our earnest attention.

"One Paper in a State, The Salt Lake Tribune for Utah."
 Age, Character, Circulation, Influence.
 It has the Want Ad Business.

The facts and figures above shown prove The Tribune to have by far the largest circulation of any paper in the inter-mountain country, but the figures will be better appreciated when one understands that the subscribers are the best and most prosperous people in the Rocky Mountains. The subscription price is \$12.00 a year straight, and unsold copies are not taken back from newsdealers. The majority of its readers are mining men and prospectors, cattle and sheep men, railroaders, ranchers and politicians throughout Utah, Idaho, Wyoming and Nevada.

Address a letter to "The Principal Paper in Salt Lake City," it is sure to reach The Tribune. Ask well informed people anywhere in the United States the name of the best known paper between Denver and the Pacific coast: The answer will invariably be, "The Salt Lake Tribune." So it has been for a third of a century.

A glance at its columns discloses the fact that The Tribune carries double the amount of local and 50 per cent more foreign advertising than any other Salt Lake paper, a high endorsement from those who know it.
